

MOVING SECTION

There will be a time when you want to move Pustaka from this computer (computer A) to another computer (computer B).

The main thing that you have to remember is Pustaka consist of two part :

Application
Pustaka.exe

PustakaFiles

Pustaka.exe is the application that will access the database and images in the PustakaFiles. By default, Pustaka will be installed at the following location :

C:\Program Files\ASR\Pustaka

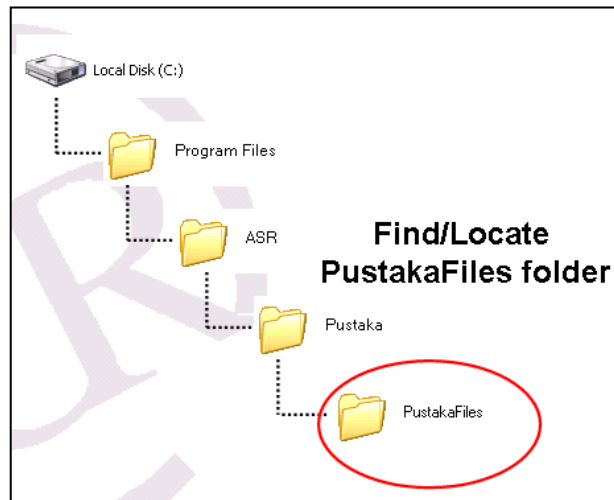

PustakaFiles folder can be found at this location :

C:\Program Files\ASR\Pustaka\PustakaFiles

What you should do is to find folder PustakaFiles in Computer A and copy it to a diskette. Install Pustaka in Computer B. Replace PustakaFiles in Computer B with the one on the diskette.

To move your application to the other computer, this is what you have to do :

1. Locate folder **PustakaFiles** in Computer A

2. Copy folder **PustakaFiles** to Diskette (Blank CDR is recommended)
3. Install Pustaka on Computer B (Refer chapter 2 for installation)
4. Identify the exact location for PustakaFiles on Computer B
5. Replace folder PustakaFiles on Computer B with the one on the Diskette
